Reserved For Linda Kerney

Maurice,

It has been real good knowing you. I guess I would never have a friend as good as you. I really had some nice times with you. I know if I ever had a problem I can't solve I know you're always there. You are just like a sister to me. Remember at your birthday party. At what time we had. And remember those story that we use to write. We always been really close to me. I will always remember you. I might not do anything. But I will always think of you. As my closest, dearest and next to the best friend. But really you are like a friend from a friend. I hope you'll have a very nice and sweet summer. I hope all your dream will come true. I know some when I'm feeling down, you come along and laugh. That's when you cheer me up. I hope you find a good Boyfriend somewhere. I know my boyfriend won't come and see me. Sometimes I get lonesome here at the house. But all I have to do is think about the good times we had in the past. And then I think about when you put me up to showing that letter to Marcus and Jeff. I will never forget their faces. I did some crazy things in my life. But that took the case. I thought I would never face of up to a boy. But until I did that. I think I could do anything. And if you or I ever move away from each other I know I will never forget you. I will always keep your secrets that you tell me. Ever since I met you I knew we was going to be good friends. I can think of anything else to say. Just remember this during the summer. If or when I should say. When it gets hot this summer. Peggie will hit the spot. AFA (P.S. Take care and keep up the good work in school.)

To One Who Has Affected Our High School Lives:

DEDICATION

You have worked so sincerely to make us what we are in exerting a profound influence upon our lives. You have helped us to believe in ourselves, to work toward a goal in life, to trust the establishment, and to bridge the gap into maturity; thus you have eased and lessened our growing pains in reaching for adulthood. You have given us the incentive to take our places in this unstable society. Our individual initiative has been inspired by learning to work together in harmony and love toward a fuller appreciation for our fellow man. To show a measure of our special recognition and gratitude, we humbly dedicate our 1977 yearbook to:

Lais Iward Corner

SCA President Richard Frye "dreams" of mountains yet to climb.

Class Honors Mrs. Fisher

In her never-ending desire to help and guide us, she gave us the wisdom to understand, the will-power to reach for higher goals, and the courage to try. In passing this way, we, the Senior Class of 1977, with deepest respect and admiration, honor . . .

Mrs. Elizabeth Fisher

To a cute red-head. It's been great for having you in English this year - Way best wishes Peter Fisher
